

Bacdown® Gel

No-Rinse Skin Sanitizer

Technical Data Sheet

- BRIEF DESCRIPTION -

BacdownGel No-Rinse Skin Sanitizer is for professional laboratory & healthcare use where soap & water are not available. BacdownGel includes alcohol, aloe and emollients and evaporates away eliminating the need to rinse with water. Its germicidal formula is gentle on skin and meets OSHA requirements for antiseptic hand washing.

- USE PROTOCOL -

Dispense approximately 5mL into palm of hand and work into skin for 15-20 seconds. Allow to air dry or wipe with paper or cloth towel. Repeat as necessary.

- ACTIVE INGREDIENTS -

SD Alcohol 1 1 1 1 1 1 1 1 ...1 ...1 ..62%

- OSHA RULES AND REGULATIONS -

When provision of hand washing facilities is not feasible, the employer shall provide either appropriate antiseptic hand cleanser in conjunction with clean cloth/paper towels or antiseptic towelettes. When antiseptic hand cleansers or towelettes are used, hands shall be washed with soap and running water as soon as feasible (Federal Register / Vol. 58, No. 235 / Friday, December 6, 1991 / Rules and Regulations).

- PRECAUTIONARY STATEMENT -

For external use only. Keep out of eyes. Do not ingest. If BacdownGel should get into your eyes, rinse eyes promptly and thoroughly with water.
