

Bacdown[®] Foam No Rinse Skin Cleanser

Technical Data Sheet

- BRIEF DESCRIPTION -

BacDown is a foamed, alcohol-based, antiseptic handscrub for use in laboratory, healthcare, and cleanroom environments. BacDown Foam combines ethyl alcohol and soothing skin emollients to provide rapid skin sanitizing without drying the skin. The pressurized container delivers convenient foam that is easy to use in areas that lack soap and water. The 11-oz. size is designed to be wall-mounted upside down for easy, one-hand dispensing.

- USE PROTOCOL -

Use in addition to hand washing or as a substitute where water is not available.

- INGREDIENTS -

Ethyl Alcohol 62 %

- EFFICACY -

Ethyl Alcohol provides instant antiseptic handwashing. Meets OSHA Handwashing Guidelines.

- PRECAUTIONARY STATEMENT -

If in eyes, immediately flush with water for at least 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. Get medical attention.
If swallowed: contact a physician or Poison Control Center immediately.

- PACKAGING -
